Living out our faith

Being the hands and feet of Jesus, serving with open minds and hearts.

We exist to be a community of welcome and worship where people find peace, purpose, and power through Jesus Christ.

Instead of emphasizing “new” for the New Year of 2026 will bring to us, let’s instead focus on the “old.”

Consider recommitting to the foundational beliefs and actions that worked in 2025 that we want to bring into the next year to enable us to stand tall for Jesus in the face of new challenges and opportunities.

Historians call it “cultural baggage.” Ways of doing things in the old country to help ensure success in new lands and situations. The Old Testament Prophet Jeremiah called it “walking in the old ways.” (Jeremiah 6:16). In the most recent issue of Brethren Life and Thought, Karen Garrett quotes a hymn by Brethren founder Alexander Mack as “be ready to do battle with the god of the world.” She notes that such an attitude is in keeping with the Brethren interpretation of Romans 12:2 on “not being conformed to the world.”

If we do make resolutions and promise of improvement to ourselves, think about making them in the important sphere of spiritual growth. Start with self-examination, considering areas such as your prayer life, your time spent with Scriptures, and application of God’s word to service, interpersonal relationships and to your church family.

The remainder of the Romans 12 scripture tells us that by so doing we can be “transformed by the renewing of your mind. Then you will be able to test and approve what God’s will is—his good, pleasing and perfect will.” To also finish the Jeremiah scripture, we are told that by so doing “we can find rest for our soul.” And that sounds like a Happy, prosperous, and great New Year!

Church Visioning update - Terry Hershberger See attached notes.

2026 Slate notes: When Christian Ed team chair and Annual Conference delegates positions are filled Gifts Discernment Team with present names to leadership and leadership will then approve. Christian Ed could have co-chairs serve.

2026 Budget notes: F&F recv'd 2-3 quotes for insurance policy. Our current policy is the cheapest and has the best coverage. Third year in a row White Gift will be used for outreach.

Electrical upgrades notes: Upgrades are needed for safety. This should elevate the elevator and kitchen outlet issues, along with flickering lights while AC is running. The project should be about \$35-40,000 which includes contractor and Penelec (pole work & wire feed to building). There are enough funds to cover the project. Questions:

Will this fix the problem and was it known prior to the elevator repairs?

Yes, the problem will be fixed, and F&F was aware of some issues, but not to this extent.

How long should it take?

One day without power. Penelec may take a few days longer for outside work.

Is there a charge from Penelec? Does the transformer need replaced if so, who is billed for it?

The Contractor reached out to them, it is included in the quote.

Roof discussion: During the electrical upgrade discussion on roof repairs/replacement concerns.

F&F is aware of the need for roof repairs. Goal is for it to be started by Spring 2026. They are actively getting quotes from contractors; they would like to go with a local company.

Concerns: The Roof issue is deteriorating the integrity of the building, plaster and painting repair will be address when the roof work is complete. The clogged drains are more of an issue for leaking than the roof itself. F&F usually take care of cleaning the drains, the roofing contractor will likely have this addressed in their estimate for routine maintenance, due to a lift being needed to reach them. There is a concern for the work to be more costly the longer we wait. The congregation needs to be informed with progress on quotes and time frame for work to be done.

Church Visioning Impact Team: Terry explained; the team was formed out of a need for us to have a more welcoming experience at church, whether it's when you get out of your car in the parking lot or entering the building or even while in the building.

The Congregation was asked to provide positives and concerns and share them with the team.

Positives were: Very blessed to have Pastor Dave, friendliness and welcoming, many opportunities to serve and participate in fellowship other than worship, seasonal Altar decor.

Concerns listed: Building accessibility, finances, day care issues, parking and lack of handicapped spaces, inside signage, service and leadership sharing, too businesslike for a church, encourage new ideas. They are aware of accessibility issues and that will require money. Maybe we need to have a Capital Campaign for improvements? Anyone with any suggestions or comments please reach out.

Team members are: Terry Hershberger, Guy Forshey, Keith Hall, Chris Wagner, Becky Bryson, Bobbi Beers, Dan Brumbaugh, Bonnie Butler, Bryce Nooyen, Betsy Garach, Mike Bianconi, and Travis Russell.

Paul shared that everyone is encouraged to reach out to any member of leadership with any question or concerns they have and they attend leadership or team meetings at any time. Teams are asked to make sure they have meetings listed on the church calendar. ****Noted**** if there is a vote or private matter, guests might be asked to leave the room.

The Widow By John Grisham

The story follows Simon Latch, a struggling lawyer in rural Virginia barely making ends meet while his marriage falls apart. When Eleanor Barnett, an elderly widow, walks into his office needing a new will and reveals her late husband left her a hidden fortune, Simon thinks he's finally hooked the richest client of his career. But when the widow dies under suspicious circumstances, Simon finds himself accused of her murder and must race to find the real killer to clear his name.

Gripping from the first client meeting to the final pound of the gavel, *The Widow* delivers a sharp, twist-packed whodunit where every clue points to the wrong man, showcasing Grisham's mastery of yet another genre.
