IMPORTANT INFORMATION

We are pleased to say the time for a new roof is upon us. Work on removing the old roof and installing a new roof is scheduled for prep work to begin **May 29 with a full crew arriving and starting work on June 1**. This work is scheduled to be completed around June 12 pending any delays. The work is being performed by Champion Roofing.

Traffic flow to all parking lot doors during the project will be impacted. We ask for patience as we work through any debris, delays, traffic flow and parking lot restrictions. The main air conditioning pumps will be disconnected for multiple days during the project so that the roof can be replaced under the outdoor condensers. Best efforts will be made to minimize impact of Sunday Service.

Those attending **Bible Study** the next two Tuesdays will need to enter the building at the Sunday School Office door and Bible Study will be held in the Overflow Room.

You may have noticed a new electric pole. Penelec has set a date of June 8th to transition main power service from old 400-amp service to new 800amp 3 phase service. This is the first step of many for transitioning power into the kitchen and for the elevator to the new service. On June 8th we ask all to try to avoid coming to the church on this day as the Church Office and daycare will be closed and without power most of the day. Please reach out to F&F with any questions or concerns.

Thanks to generous contributions from the Living Stream Church of the Brethren and the Pacific Northwest District Annual Conference can offer the virtual option at no charge for 2026. All virtual participants must still register between **March 4 and June 23**. Virtual attendees are encouraged to donate to Annual Conference as an expression of appreciation. Go to www.brethren.org/ac2026/registration and select Virtual Non-Delegate Registration.
